BOARD OF DIRECTORS POLICY

The board will govern lawfully with an emphasis on outward vision, commitment to obtaining ownership input, encouragement of diversity in viewpoints, strategic leadership, clear distinction of board and staff roles, collective decisions, and a proactive future focus. This means the board will not be preoccupied with internal, administrative detail.

1. The board will cultivate a sense of group responsibility. The board, not the staff, will be responsible for excellence in governing. The board will initiate policy, as opposed to solely reacting to staff initiatives. The board will use the expertise of individual members and board committees to enhance the ability of the board as a body to make policy, rather than to substitute their individual judgements for the group's values.
2. The board will direct, control and inspire the Association through the careful establishment of broad written policies reflecting the owners' values and perspectives. The board's major policy focus will be on the intended long-term results to be produced for beneficiaries outside the operational organization, not on the administrative means of attaining those results.
3. The board will enforce upon itself whatever self-discipline is needed to govern with excellence. Self-discipline will apply to matters such as attendance, preparation for meetings, policy-making principles, respect of roles, disclosure of conflicts of interest, regular self-evaluation and ensuring the continuity of governance capability to the benefit of membership. Although the board can change its governance process policies at any time, it will scrupulously observe those currently in force.
4. The board will allow no officer, Director or committee of the board to hinder or be an excuse for not fulfilling board obligations.

To accomplish its expected products with a governance style consistent with Board policies, the Board will follow an annual agenda that (a) completes a re-exploration of Ends policies annually and (b) continually improves Board performance through education and enriched input and deliberation.

The board shall maintain control of its own agenda by developing an annual schedule based on the multi-year cycle. [See cycle at the end of this policy.] The cycle will conclude each year on the last day of April so that administrative planning and budgeting can be based on accomplishing a one-year segment of the Board's most recent statement of long-term Ends. The cycle will start with the Board's development of its agenda for the next year.

- 1.3.1. Linkage with the ownership to gain a representative mix of owner values, perceptions, and expectation, prior to the above review.

Monitoring reports will be read in advance of the board meeting, and discussion may occur if necessary for interpretation, understanding, or if board members assess interpretations as unreasonable, identify non-compliance, or identify potential need for policy amendments.
- 1.3.7. Chief Executive Officer remuneration will be decided during the month of March after a review of monitoring reports received in the last year.

- 1.3.8. Education about the process of governance.
- 1.3.9. A Director may recommend or request an item for Board discussion by submitting the item to the President in writing no later than fourteen days prior to a Board meeting.

When an item is brought to the board via the Required Approvals Agenda, deliberation, if any, will only be in regard to whether or not the Chief Executive Officer's decision complies with relevant board policies.

Board committees, when used, will be assigned so as to reinforce the wholeness of the Board's role and so as never to interfere with delegation from the Board to the Chief Executive Officer.

1. Board committees are to help the Board perform its role, not to help or advise the staff. Committees ordinarily will assist the Board by preparing options and potential consequences of decisions for Board deliberation.
2. Board committees may not speak or act for the Board except when formally given such authority for specific and time-limited purposes. Exceptions and authority will be carefully stated in order not to conflict with authority delegated to the Chief Executive Officer.
3. Board committees cannot exercise authority over staff. The Chief Executive Officer works for the full Board, and will, therefore not be required to obtain approval of a Board committee before an executive action.
4. Board committees are to avoid over-identification with organizational parts rather than the whole. Therefore, a Board committee that has helped the Board create policy on some topic will not be used to monitor organizational performance on that same subject.
5. Committees will be used sparingly and ordinarily in an ad-hoc capacity.
6. Board committees will have terms of reference outlining their composition, mandate, procedural rules, and, where required, their end date.
7. This policy applies to any group that is formed by Board action, whether or not it is called committee and regardless of whether the group includes Directors. It does not apply to committees formed under the authority of the Chief Executive Officer or staff.

1. The Secretary of the Board will administer selection processes and is authorized to develop further procedural rules provided they (a) comply with the bylaws and this policy (b) apply equally to all Directors and candidates, (c) are not amended more than three months prior to the commencement of a selection process (d) are not retroactively applied and (e) restrain the activities of Directors and candidates only insofar as is justifiable to maintain free, fair, and transparent processes or to satisfy restrictions legitimately imposed on such processes from outside the organization. The Board will annually monitor the compliance of the Secretary's procedural rules with this policy not less than four months prior to the annual selection process and order any changes it may deem necessary to maintain compliance with the bylaws and this policy.
2. Each year after the annual election process and prior to the turnover date the Board-elect shall meet at the call of the Secretary to select by secret ballot a President and Vice-President from amongst the Directors.
3. The President and Vice-President positions shall be selected separately and in immediate succession, with the President selected first.
4. The process for selecting the President and Vice-President shall be as follows:
 - 4.1 Directors will rank the candidates in order of their preference from one through to the number equal to the total number of candidates. Directors must rank all candidates, or their ballots will be declared invalid by the Secretary.

4.4 If multiple candidates are tied for the lowest score then the candidate with the highest number of first preferences shall be declared the winner. If multiple candidates who are tied for the lowest overall score are also tied for the number of first preferences then the same process will repeat itself with subsequent preference rankings (second, third, fourth preferences and so on) until a winner can be declared.

5. If there is one candidate only for either the position of President or Vice-President then that candidate shall assume office by acclamation.
6. In the event of a mid-term vacancy in the office of President, the Vice-President will become President for the remainder of the term.

The board as a whole has the responsibility to regularly monitor the performance of the Chief Executive Officer as outlined in the policies on Board-Management Delegation. If there is a reasonable appearance of policy violation, even though a particular policy is not scheduled for monitoring, the board may choose to request a monitoring report at any time. The board may also use the occasion of a concern to re-evaluate the adequacy of its policy to address the issue raised.

1. Conditions which may trigger a request for monitoring beyond the normal schedule may include:
 - Board member has been contacted regarding a complaint by a member of the ownership or a customer. After the board member has followed the procedure for handling complaints (See Policy on Handling Complaints), the individual again contacts the board member indicating that the complaint still exists, and in the board member's opinion the incident appears to be a potential policy violation.
 - One or more board members receive complaints or become aware of a pattern of similar instances that taken together raise questions of general policy violation.
 - A single incident or complaint is of a nature that regardless of how it is resolved, there is a serious question of policy violation.
2. If any of the above conditions exist:
 - The board member shall inform the President of the situation.
 - If the alleged situation presents a material level of risk to the organization, the President shall a special meeting of the board as soon as practicable, and the board shall determine if (a) it needs to seek legal counsel and/or (b) engage an external, qualified, independent third party.
 - If the alleged situation does not present a sufficient level of risk for the above process, the President shall request the Chief Executive Officer to provide to the board his or her interpretation of the policy, or the relevant parts of the policy, along with rationale for why the interpretation should be considered reasonable.
 - The board shall determine whether the Chief Executive Officer's interpretation falls within any reasonable interpretation of the policy, or whether to request an opinion regarding reasonableness from a qualified, external, disinterested third party.
 - The board shall determine whether to request evidence of compliance with the interpretation from the Chief Executive Officer or a qualified, external, disinterested third party.
 - The board as a whole shall determine whether the Chief Executive Officer's interpretation falls within any reasonable interpretation of the policy.
3. If the Chief Executive Officer's interpretation is assessed by the board to be reasonable and there is evidence of compliance with that interpretation, the matter shall be dropped at the board level. (The Chief Executive Officer will handle the issue directly with the complainant.)

4. If the Chief Executive Officer's interpretation is assessed by the board as not being a reasonable interpretation of the policy, or there is a clear violation of a reasonable interpretation, the board shall determine the degree of seriousness of the issue and deal with the Chief Executive Officer regarding performance.
5. If the incident(s) in question do(es) not appear to be a potential violation of policy:
 - Board members should consider if he or she believes the policy should be amended to prevent a future occurrence of a similar situation.
 - If the board member considers that a policy amendment should be made, the board member should ask the President to put the item on the next agenda.
 - The board as a whole then shall debate whether or not the policy should be amended, making the reported event explicitly unacceptable in the future.

Only officially passed motions of the board are binding on the Chief Executive Officer.

1. Decisions or instructions of individual board members, officers, or committees are not binding on the Chief Executive Officer except in rare instances when the board has specifically authorized such exercise of authority.
2. In the case of board members or committees requesting information or assistance without board authorization, the Chief Executive Officer can refuse such requests that require, in the Chief Executive Officer's opinion, a material amount of staff time or funds or are disruptive.
3. Only the board acting as a body can employ, discipline or terminate the Chief Executive Officer; evaluate the Chief Executive Officer performance; determine the Chief Executive Officer compensation, or change the conditions of employment of the Chief Executive Officer.

Policy Name: Accountability of the Chief Executive Officer	Number:	BCEOR -2
Policy Type: Board-Chief Executive Officer Relationship	Date Approved:	January 2022
	Date Amended:	N/A

The Chief Executive Officer is the board's only link to operational achievement and conduct, so that all authority and accountability of staff, as far as the board is concerned, is considered the authority and accountability of the Chief Executive Officer.

1. The board will never give instructions to persons who report directly or indirectly to the Chief Executive Officer.
2. The board will refrain from evaluating, either formally or informally, any staff other than the Chief Executive Officer.
3. The Board will view Chief Executive Officer performance as identical to organizational performance. Therefore, the Chief Executive Officer's job description is to accomplish a reasonable interpretation of board-stated Ends and comply with a reasonable interpretation of Executive Limitations.

BOARD OF DIRECTORS POLICY

Policy Name: Delegation to the Chief Executive Officer

Policy Type: Board-Chief Executive Officer Relationship

Number: BCEOR -3
Date Approved: January 2022
Date Amended: N/A
Date Last Reviewed: N/A

The board will instruct the Chief Executive Officer through written policies which prescribe the organizational Ends to be achieved, and describe organizational situations and actions to be avoided, allowing the Chief Executive Officer to use any reasonable interpretation of these policies.

1. The board will develop Ends policies instructing the Chief Executive Officer to achieve specified results, for specified recipients at a specified worth.
 - 1.1. Policies that do not address the subjects of results, recipients or worth will not be included in Ends, as they relate to means.
 - 1.2. Specifically, documents such as strategic plans and budgets will not be considered Ends, as they relate to operational means of achieving the Ends.
2. The board will develop Executive Limitations policies which limit the latitude the Chief Executive Officer may exercise in choosing the organizational means.
 - 2.1. These limiting policies will describe those practices, activities, decisions and circumstances that the board would find unethical or imprudent, and therefore unacceptable, even if they were to be effective.
 - 2.2. The board will never prescribe organizational means delegated to the Chief Executive Officer.
3. All policies will be developed systematically from the broadest, most general level to more defined levels.
4. As long as the Chief Executive Officer uses any reasonable interpretation of the board's Ends and Executive Limitations policies, the Chief Executive Officer is authorized to establish all further policies, make all decisions, take all actions, establish all practices and develop all activities. Such decisions of the Chief Executive Officer shall have full force and authority as if decided by the board.
5. The board may change its Ends and Executive Limitations policies, thereby shifting the boundary between board and Chief Executive Officer domains. By doing so, the board changes the latitude of choice given to the Chief Executive Officer.
 - 5.1. The board will respect and support any reasonable Chief Executive Officer interpretation of the policies. This does not prevent the board from obtaining information from the Chief Executive Officer about the delegated areas, except for data protected by privacy legislation.

BOARD OF DIRECTORS POLICY

Policy Name: Monitoring Chief Executive Officer Performance

Number: BCEOR -4

Policy Type: Board-Management Delegation

Date Approved: January 2022
Date Amended: February 2022
Date Last Reviewed: April 2024

Chief Executive Officer job performance will be measured solely by systematic and rigorous monitoring of Chief Executive Officer job performance in comparison to the board's required Chief Executive Officer job outputs: organizational accomplishment of the Chief Executive Officer's reasonable interpretation of Ends policies and organizational operation within the boundaries of the Chief Executive Officer's reasonable interpretation of Executive Limitations policies.

1. The purpose of monitoring is simply to determine the degree to which board policies are being fulfilled. Information relevant to monitoring pertains only to fulfilment of Ends and Executive Limitations.
2. A given policy may be monitored in one or more of three ways:
 - 2.1. Internal report: Disclosure of compliance information by the Chief Executive Officer, along with his or her explicit interpretation of board policy, and justification for the reasonableness of interpretation.
 - 2.2. External report: Discovery of compliance information by an external, disinterested third party, who has appropriate qualifications and a suitable level of independence from management, who is selected by and reports directly to the board.
 - 2.3. Direct Board Inspection: Discovery of compliance information by a committee or the board as a whole. Such an inspection is only undertaken at the instruction of the board.
3. In every case, the Board will judge (a) the reasonableness of the Chief Executive Officer's interpretation and (b) whether data demonstrate accomplishment of the interpretation.
4. The standard for compliance shall be any reasonable Chief Executive Officer interpretation of the board policy being monitored. The board is the final arbiter of reasonableness, but will always judge with a "reasonable person" test rather than interpretations favoured by board members, the disinterested third party, or even the board as a whole.
5. Upon the choice of the board, any policy can be monitored by any of the above methods at any time. For regular monitoring, however, each *Ends* and *Executive Limitations* policy will be classified by the board according to the board's monitoring schedule.
6. A formal evaluation of the Chief Executive Officer by the board will occur annually, based on the achievement of the board's *Ends* Policies and non-violation of its *Executive Limitations* policies. This formal evaluation will be conducted by cumulating the regular monitoring data provided during the year and the board's recorded acceptance or non-acceptance of the reports, and identifying performance trends evidenced by that data.

	Date Amended:	N/A
	Date Last Reviewed:	N/A

Chief Executive Officer compensation will be decided by the board as a body and based on corporate performance and executive market conditions.

1. Corporate performance will be only that performance revealed by the monitoring system to be directly related to criteria given by the board in policy.
2. Compensation will cover the entire range of salary, benefits, and all other forms of compensation.
3. A committee process may be used to gather information and to provide options and their implications to the full board for its decision.

BOARD OF DIRECTORS POLICY

Policy Name: Chief Executive Officer Termination	Number:	BCEOR -6
Policy Type: Board-Chief Executive Officer Relationship	Date Approved:	January 2022
	Date Amended:	N/A
	Date Last Reviewed:	N/A

Chief Executive Officer termination is an authority retained by the board, not delegated to any officer or committee.

1. The decision process will be informed by performance data drawn from the monitoring system, which is itself directly related to Chief Executive Officer performance on criteria the board has stated in policy.
2. The board may choose to terminate for other reasons, but must then negotiate the terms of that termination or follow whatever provisions have been made by contract.
3. A committee process may be used to gather information and to provide options and their implications to the full board.
